To the Directors of Corby Capital Markets, Inc. Boston, Massachusetts

We have audited the accompanying statement of financial condition of Corby Capital Markets, Inc. (the Company) as of December 31, 2007 and the related statements of income, changes in stockholders' equity, and cash flows, for the year then ended that you are filing pursuant to rule 71a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Corby Capital Markets, Inc. as of December 31, 2007, and the results of its operations and cash flow for the year then ended in conformity with principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements December 31, 2007

Note 1 - Summary of Significant Accounting Policies

Business Activity

Corby Capital Markets, Inc., a Delaware corporation, is a registered broker/dealer in securities located in Boston, Massachusetts. The Company is a member of the National Association of Securities Dealers (NASD).

Use of Estimates

Management used estimates and assumptions in preparing the financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenues and expenses. Actual results could differ from the estimates.

Investment Securities

Securities owned by the Company are valued at their fair market value with any unrealized gain or loss reflected in income. Securities transactions (and any related gains or losses on sales) are recorded on a trade date basis.

Property and Equipment

Property and Equipment are stated at cost. Depreciation of furniture and equipment is calculated by the double declining balance method using estimated useful lives of two to ten years.

Federal and State Income Taxes

The Company accounts for income taxes in accordance with Financial Accounting Standards No. 109 "Accounting for Income Taxes".

Advertising

The Company follows the policy of charging the costs of advertising to expense as incurred. Advertising expense was \$3,826 for the year ended December 31, 2007.

Customer Accounts

The Company's customer accounts are carried on the books of National Financial Services Corporation (NFSC), on a fully disclosed basis. The Company is therefore exempt from the customer reserve requirements under SEC Rule 15c3-3.

Cash Equivalents

For purposes of reporting cash flow, cash and cash equivalents include cash and any highly liquid debt instruments with a maturity of three months or less.

Notes to Financial Statements
December 31, 2007

Note 2 – Investment Securities

Original cost and market values of debt and equity securities at December 31, 2007 are as follows:

	Cost	2007 Market <u>Value</u>	Un	realized Loss
Debt Securities	\$ 1,091,162	\$ 1,086,206	\$	(4,956)
Equity	1,028,960	1,028,960		
Total	\$ 2,120,122	\$ 2,115,166	\$	(4,956)

Note 3 - Property and Equipment

At December 31, 2007, property and equipment consisted of the following:

	<u>2007</u>
Furniture and fixtures	\$ 458,819
Computer and telephones	85,357
	544,176
Less accumulated depreciation	(519,067)
	\$ 25,109

Depreciation expense was \$19,836 for the year ended December 31, 2007.

Notes to Financial Statements
December 31, 2007

Note 4 - Profit Sharing and 401(k) Plan

The Company adopted a qualified, trusteed, voluntary, contributory profit sharing plan effective January 1, 1980, and a 401(k) Plan covers substantially all employees who met specified age and service requirements.

The Company did not contribute to the Profit Sharing Plan during the year ended December 31, 2007.

Note 5 - Federal and State Income Taxes and Net Operating Loss Carryforwards

Financial Accounting Standards No. 109, "Accounting for Income taxes" requires that deferred income taxes be computed using the liability method under which deferred income tax assets and liabilities are computed based on differences between the financial statement and tax bases of assets and liabilities.

The Company has loss carryforwards totaling \$762,888 that may be offset against future taxable income. If not used, the carryforwards will expire as follows:

<u>Year</u>	Operating Losses
2025	\$ 32,147
2026	592,147
2027	<u>138,594</u>
	\$762,888

A deferred tax benefit related to the loss carryforward has not been recognized due to the inability to project future income.

Income tax expense consists of the following:

	<u>2007</u>
Current tax (expense)/benefit	# (1.100)
Federal	\$ (1,123)
State	7,695
Deferred income tax (expense)/benefit	
Federal	\$ (9,304)
State	
Total income tax expense	<u>\$ (2,732)</u>

Notes to Financial Statements December 31, 2007

Note 6 - Commitments and Contingencies

At December 31, 2007, rent expense was \$65,519. The Company paid an additional \$33,660 under its lease agreement during 2007 which was charged to Corby Asset Management, LLC, a related party (Note 12).

Note 9 - Stock Option Plan

In 1996, the Company's stockholders approved a stock option plan that was adopted to secure for the Company and its shareholders the benefits arising from stock ownership by employees, officers and directors of, and consultants or advisors to, the Company who are expected to contribute to the Company's future growth and success. Under the terms of the plan, options granted may be either incentive stock options, meeting the requirements of Section 422 of the Internal Revenue Code, or non-statutory options, which are not intended to meet the requirements of Section 422 of the Code.

The plan currently reserves 200,000 shares of common stock for grant and provides that the term of each award be determined by the Board of Directors charged with administering the plan. The exercise price, determined by the Board of Directors, for incentive stock options, shall not be less than 100% of the fair market value of such stock on the date of the grant, and non-statutory stock options, shall not be less than 100% of such fair market value. The plan has vesting requirements.

INDEPENDENT AUDITORS' SUPPLEMENTARY REPORT ON INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5

In planning and performing our audit of the financial statements of Corby Capital Markets, Inc. for the year ended December 31, 2007, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures followed by Corby Capital Markets, Inc., that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computation of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with exemptive provisions of Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives.

Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operations may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

INDEPENDENT AUDITORS' SUPPLEMENTARY REPORT ON INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC RULE 17A-5

(continued)

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objective in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures are adequate at December 31, 2007 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the New York Stock Exchange and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
